RENOVATORS DELIGHT

A one acre block this close to town is rare to find. The house was built in 1955 and is still basically the original home. All rooms are a good size with plenty of room for a table in the kitchen. There is also a sleepout with storeroom off the back. The house is in need of renovating and plenty of TLC but you would reap the reward once it was done. Out the front of the house is a deck to sit and enjoy overlooking the bush currently on the block. With over one acre of land, there is plenty of room to add your personal touch and see the property come to life again.
