GREAT VIEWS FROM THIS FAMILY HOME.
With a great outdoor entertaining area you will want to spend many a day sitting around enjoying the view. The house has 4 bedrooms, 2 bathrooms, 2 living areas, newly renovated kitchen & ensuite and beautifully presented throughout with views from most rooms. Outside is amazing. There is a large shed at the house plus the ultimate 100 year old 2 storey barn which is surrounded by lots of smaller sheds, views, animal shelters, a dam, views, heaps of water tanks, fruit trees, irrigation, views and to top it all off a MINI GOLF COURSE. You feel relaxed when you arrive here and the feeling continues as you make your way around the immaculately kept property. Oh and did I mention the views, they are just stunning. But its not just about the views, this place offers so much more, you just need to come and view it to find out.
